## School Dinners

Dear Parent/Carer,

You can now book a school dinner for your child for the beginning of the spring term via *ParentPay*.

Please be aware that there are now two separate menus - a main menu and an additional one for those children who have food allergies (both menus can be found on the **School Dinners** area of the school website).

The allergen menu is only available for those children with identified food allergies. Please only book one of these options on *ParentPay* if your child has a food allergy that the school is aware of.

Reminder – all school meals, including those for children eligible for free school meals, should be booked by midnight on the previous day via *ParentPay*.

Thank you for your support.

Yours sincerely

Hamstel Junior School
