

Key Instant Recall Facts

Year 6 Spring 1

We believe that the rapid recall of key facts underpins the success and progress of all in maths. Children will be introduced to their key facts at the beginning of each half term and then practise them regularly in class. Children will also be expected to practise these key facts at home.

The key fact this half term is

To know common decimal, fraction and percentage equivalents

DEEPEN IT

In his first geography test, Mo scored 38%. In the next test he scored 16/40. Did Mo improve his score? Explain your answer.

In January, Eva saves $\frac{3}{5}$ of her £20 pocket money. In February, she saves 0.4 of her £10 pocket money. In March, she saves 45% of her £40 pocket money. Which month did Eva save the most money? Use your knowledge of fractions, decimals and percentages to find the answer. Explain why you have chosen that month.
