

Year 6 Home Learning – Maths Bundle

If you are not in school, please start with lesson 1 and work your way through the lessons. If the lessons are short, you can complete more than one. Our expectation is that you spend an hour a day on your work in this subject.

Calculation and number

Lesson Title <small>Record this in your book with today's date</small>	Overview	Link to Lesson	Work to be emailed to teacher* <small>All work is due in by 3.30pm on the day it has been set</small>
Lesson 1 - Understanding which operations have equal priority	In this lesson we'll be looking at addition and subtraction problems and multiplication and division problems and exploring whether changing the order of operations affects the outcome.	Click here to go to the lesson	Your marked answers to the worksheet. Your score for the exit quiz. Any jottings you have made for the lesson.
Lesson 2 – Order of operations	In this lesson we will be learning about the order of operations in an equation without brackets.	Click here to go to the lesson	Your marked answers to the worksheet. Your score for the exit quiz. Any jottings you have made for the lesson.
Lesson 3 – Consolidating order of operations	In this lesson we'll be applying our understanding of order of operations to a range of problems.	Click here to go to the lesson	Your marked answers to the worksheet. Your score for the exit quiz. Any jottings you have made for the lesson.
